FOOT-BALL.

The Foot-ball season had well-nigh come to a close when we received an invitation from the Krishnath College Foot-ball Team to proceed to Berhampore and to play a match with them. This was mainly due to the enthusiasm of Mr. Joseph Arulantham, an Old Boy of our College, now a member of the teaching staff of Krishnath College, Berhampore. After several postponements of the match owing to foul weather and other obstacles, the party headed by Professor Panchanan Mitra at last started on Wednesday the 10th October by the night-train. Besides the learned Professor, the party consisted of the following :—Kanai, Pramatha, Makhan, Radharaman, Monoranjan, Surath, Anath, Surendra, Ashutoshi, Pokeraaj, Abhimata, Shivaprasanna, Durgadas and Hazra.

On our arrival at Cossimbazar early in the morning of the next day, we dispelled the drowsiness occasioned by the night-trip by a

stroll to the Katiganga and the graves of Mrs. Hastings and her daughter which reminded us of the early days of the British Raj when Cossimbazar's glorious contiguity to the musnad of Murshidabad was preferred far to the swamps of Sutanati and Govindapur. In the course of the day we spared no pains to do full justice to the rich repasts, well remembering the Sanskrit adage *Parannam durlavam etc* and to expatiate on our scratch team which was every hour only being made 'fitter food for powder !'

In due time the whole team was trans—bussed from Cossimbazar to Berhampur where an eager crowd and all the elite of the town including the benign Maharaja himself were awaiting to witness the trial of strength between the local college team and the visitors from Calcutta. A fast game ensued, the ground was sloppy, and the local team having the advantage of being used to it, we could only make fair openings but always fumbled and stumbled on the impassable mud-barrier in front of the goal. Half-time was whistled and the advantages were equal, neither side having scored. The next half also gave us a fast and exciting game, but only the lack of combination on the part of our College team and want of one good forward and, above all, bad luck stood in the way of our netting a single goal and the result at the end of the game was a pointless draw though everybody had to admit that ours was the stronger team.

Misfortunes were in store for us that evening as most of the players began to feel seedy, or actually experienced the tender mercies of the *genius loci*, the dread malaria, and two had to come away owing to urgent business at Calcutta. So the next day found us all with drooping hearts and aching bodies but over-whelmed with the kindness and hospitality of the College boys and staff and the keen interest of the Maharaja himself, we could not but put up a team. Luck was against us from the start and scarce five minutes were over when a penalty-goal against us acted as a serious damper on our party. But we pushed on and fought hard and at the end of the half-time the other team could secure no other advantage and it was owing to ill-luck that we missed some excellent opening. The next half saw our team all dispirited and the result was that during the last quarter of the game, the brilliant dashy forward of the Berhampore team had all the game to himself and netted successively 3 goals against us. But again the warm cordiality of the Krishnath College students, the keen interest of the College staff especially of the highly popular 'Joseph

Sir the personal enquiries of the noble Maharaja and the tea and sweets at the evening party in the College and finally the rich banquet at the Maharaja's guest-house choked out all other thoughts and a smaller but wiser and a merrier crew was landed down at Sealdah Station on Saturday forenoon.
