

The College School sent up fifty-three candidates for the last Matriculation Examination, of whom forty-six came out successful, thirty-eight being placed in the First Division, seven in the Second Division and one in the Third Division. The percentage of success was 86.79 against 77.36 last year. Of those that came out successful, four secured "stars", and eighteen secured "letters" in various subjects. One Sriman Nalini Nath Kundu secured a third-grade scholarship ; and we congratulate him on his success. May his future career be still brighter ! He was also a prize-winner, on several occasions, in our School Sports and it is certainly a glad sight to see him carrying off the laurel both in physical and intellectual competitions.
