THE MONTH.

The magazine enters, with this number, on the third year of its existence and we think we have good reasons to congratulate ourselves on the useful work it has done in the past. The degree of interest it has created both in our midst and outside our own circle is, however, not so great as we were sanguine enough to expect at the start. But we should remember that it is a well nigh impossible task to secure a wide circle of readers for, and contributors to, a periodical dealing with purely academic or literary questions in a politics-ridden country like ours. The difficulty is specially great at this time of the day when we daily and hourly hear of 'wars and rumours of wars.' We must continue, however, in our self-imposed task of creating a taste

for better and nobler things in our young readers, undeterred by our indifferent success in the past. 'Cast thy bread upon the waters; for thou shalt find it after many days.'

The year that we leave behind was one of the greatest importance to the academic world. It witnessed the passing of the Universities Act, the reconstitution of the Senate on reformed principles, and the appointment of the provisional Syndicate. We have now been provided with a Senate consisting in the main of specialists, and a Syndicate entirely made up of teachers excepting in the Faculty of Law. Let us confidently look forward to the initiation of a new educational policy on a thoroughly sound basis, and the birth of a true university life amongst us, which will give the lie to the boding cry of alarmists that we have been listening to for the last twelvemonth.

Bhupendra Narayan Chaudhuri, Sarojranjan Banerjee and Jogendra Nath Barua of Bangabasi College have passed the M. A. examination held in November 1904, the first two in English and the third in Botany. We are glad to find that our College has been uniformly successful for the past few years in passing candidates for the M. A. examination in one subject or another. This can not be said of any other College in Calcutta except Presidency College, Duff College and General Assembly's Institution.

The following candidates from Bangabasi College have passed the B. L. examination:—

Rangalal Chatterjee.	Emaduddin Muhammad.
Hriday Krishna Datta.	Devendranath Sen.
Mahendranath Sen.	Hari Charan Mukherjee.
Serendranath Sen.	Abdush Shakur.
Nabendubhusan Mukerjee.	Basanta Kumar Chatterjee.
Brajaballav Chatterjee.	

The Entrance Examination of 1906 will commence on the 12th March and the F. A. and B. A. Examinations on the 26th March 1906.

The Convocation of the University of Calcutta for conferring degrees will be held on the 11th February next. The Chancellor will preside. Those of our graduates who wish to attend convocation for the purpose of obtaining their degrees should notify their intention to the Principal not later than February 6th.

In conformity with our usual practice, we announced a prize for an Essay to be competed for by the boys of the First Year Class. The Third Year class was also given the option of competing for a similar prize. The subject selected this year was, 'Bengal Proverbs and the light they throw on the social life and character of the Bengalees.' Several papers were received. The Third Year Class contributed a few, none of which came quite up to the mark. Bimal Chandra Ray of the First Year Class has been pronounced eligible for the prize. The reader will find the essay printed in its proper place in this issue of the Magazine. It is a pity that the subject, interesting as it is, was not taken up by a larger number of competitors.

The following gentlemen have been nominated to look over the answer papers of candidates at the ensuing F. A. and B. A. Examinations.
