

## Ourselves

Mr. G. C. Bose, the revered Founder and at present Rector of the college, has been seriously ill these three weeks with an attack of carbuncle. He is 86 years old and has been very weak. He has been bearing his sufferings with wonderful fortitude. The news has made all his numerous pupils, friends and acquaintances very anxious. His life is still invaluable to us. We pray to God for his speedy recovery. May he be spared long!

We are glad to announce that the Governing Body of the college have taken steps for a substantial increase in our accommodation. The construction of the new college building at St. James Square is almost finished where the Bangabasi College-School will be shifted, and we shall have the whole four-storied building on the eastern wing of the present college premises (now occupied by the school) for use by the college. It is also very pleasing to learn that steps are being taken to construct another new up-to-date building for the college at 18, Scott Lane, just adjacent to the present College premises for its further accommodation. We have reasons to believe that these measures will lead to a satisfactory solution of our accommodation problem.

We heartily congratulate Sreeman Parimal Kanti Ghose who passed the B.Sc. examination this year from our college, standing first in Class I (Honours in Mathematics) and has been the recipient of following medals and prizes:—(i) Manmathanath Bhattacharyya Gold Medal for securing the first place in the B. Sc. examination of the year; (ii) Herschel Gold Medal for obtaining the highest number of marks in Mathematics (Honours); (iii) Harishchandra Prize for being the best student in Mathematics at the B. Sc. Honours examination; (iv) Doyal Chand Sen Silver Medal for securing the highest number of marks

in Science subjects of the B. Sc. examination of the year ;  
 (v) Devendra Nath Gangopadhyay Silver Medal.

We also heartily congratulate Sreeman Sukhamay Bhatta charyya who passed the I. Sc. examination this year from our college standing second in order of merit in the list of successful candidates and has been the recipient of the following scholarship, medal and prizes :—(i) Duff scholarship for securing the highest number of marks in Chemistry in the I. Sc. examination of the year ; (ii) Saradaprasad prize for standing first in Chemistry in the Intermediate examination ; (iii) Nabakrishna Silver Medal for securing the highest marks in Chemistry ; (iv) Harendranath Mitra prize for securing the highest number of marks in Botany among the successful candidates of Bangabasi college.

We are much relieved to learn that our popular Vice-Principal, Prof. J. N. Chakravarty, is improving in health and it is likely he will join the college early next year. We are anxious to welcome him again in our midst.

We are very sorry to learn that Prof. H. C. Ghose is ill. He has been on leave since the re-opening of the college. We wish him an early recovery.

Prof. Karunamaya Mukherjee who had been working in place of Prof. H. C. Ghosh suddenly left us on getting an appointment in the Dacca Jagannath College. During the short time that he had been in the college he endeared himself both to the staff and the students, and we are sorry to miss him. We wish him all success in his new career at Dacca.

Prof. Subimal Mukherjee has been now working in place of Prof. H. C. Ghose (on leave). We wish him godspeed.

TO  
THE OUT-GOING  
2nd & 4th YEAR STUDENTS  
OUR  
BEST WISHES  
IN THE  
UNIVERSITY EXAMINATIONS

WE ALSO WISH THEM  
ALL SUCCESS IN LIFE

---
