## THE ECONOMICS ASSOCIATION.

The second sitting of the above association came off on Saturday the 12th of March 1927, at 3 o'clock, in Room No.3. Professor D. N. Mookerji, was kind enough to preside on the occasion.

There was a fair attendance of the members of the Association.

The audience were given the pleasure of hearing a paper on "The Poverty of India and its remedies," and the same paper in Bengali, by Sj. Brojo Mohan Ghosh and Sj. Pulin Behari Paul respectively.

Members appreciated both the lectures quite well. The style was elegant and delightfully suited to the theme.

Sj. Ghosh's statement was exceptionally explicit and hearty thanks are, no doubt, due to him for his endeavours to let the members know all that he meant to say. Sj. Paul too, spared no pains to give a vivid picture of the poverty

of India, and his suggestions for its remedy were quite sane and reasonable. Many thanks are due to him also.

After Sj. Ghosh and Sj. Paul had finished their long speeches the honourable Mr. President rose and congratulated his two young friends for the labour they had taken to write the papers and praised their way of putting the thing so well. He then criticised some points of the paper.

His was a nice little speech that delighted all those who had cared to attend the interesting meeting.

The meeting lasted for about an hour.

After this a vote of thanks was offered to the Chair, and the meeting dispersed with a longing heart to meet again at an early date.

We ardently desire and hope to see the papers published in an issue of our College Magazine soon.

The third sitting of the Association was held on Saturday the 2nd of April 1927 at 3 p.m. with Mr. D. N. Mookerji, Professor of Economics, on the chair.

A paper on 'The Picture of a Bengal village' was read by Sj. A. K. Bhattacharya, in English.

He gave a vivid picture of a typical village of Bengal and his language was really very chaste and elegant. We convey our heartfelt thanks for the troubles he had taken for us.

Another paper on 'The Picture of a Burmese Village' was also to have been read by a Burmese friend of our class Mr. Mang-saw-Tun.

But unfortunately for us Mr. Tun did not turn up on the day we met, nor did he furnish us with a copy of the paper which he was to write, so that, we had not the good fortune, to hear that paper read.

This over, some members of this Association entertained us with music as that was the last meeting of the Association for that session.

After this, the President rose and thanked his young friends for their enterprise. He then delivered a short lecture touching many points to our benefit.

Last of all, a vote of thanks was offered to the Chair, and the members rose with a heavy heart longing to meet after the long Summer Vacation which was approaching fast.

The meeting lasted for about one hour and a half.

## THE STUDENTS' ASSOCIATION

Our College closed for Summer on the 12th of April last and our Social Gathering came off on the preceding Saturday, the 9th. The aim of the Students' Association that organised the gathering, was to bring the Staff and Students together in a joyous evening and to enjoy the pleasant company of teachers and friends before a period of long separation.

We have to note with regret that in spite of our utmost efforts we could not commence our programme at the time announced. A little before 7, after the garlanding of the President, who was no other than our revered Principal, was over, the curtain rose before an eager and expectant audience consisting of the Principal, Prof. Lalit Kumar Banerji and many other professors and a good many of our dear fellow-students.

Our programme consisted of songs, concert, instrumental music, recitations, comic sketches and theatrical perform-
